

## **Notice of Broadway Bridge Sidewalk & Street Closure**

### **Attention Green Line Extension Neighbors,**

The Green Line Extension (GLX) team is providing this notice to inform you of upcoming project work on the Broadway Street Bridge in Somerville.

Commencing January 19<sup>th</sup> and continuing through the end of May 2015 it will be necessary for the GLX Contractor, White Skanska Kiewit (WSK) to close the South bound travel/bike lane and West side sidewalk between Boston Avenue and Cedar Street to vehicular, bike, and pedestrian traffic for the purposes of erecting a temporary utility bridge. Residents will be able to cross Broadway Street over to the East side sidewalk to cross over the bridge and the north bound lane will be re-configured to allow for 2-way vehicular and bike traffic.

The section of road and sidewalk will be closed to vehicular, bike, and pedestrian traffic starting on Monday, January 19th at 8:30 AM and will not reopen until the end of May 2015.

Signage providing direction and detail police providing assistance will be available to assist vehicular, bike, and pedestrian traffic.

Thank you in advance for your cooperation. This work is an important step in bringing the Green Line to Somerville. Should you have any questions please feel free to contact the Green Line Extension at 855-GLX-INFO (459-4636) or [info@glxinfo.com](mailto:info@glxinfo.com).
